

# Vishakh Arun Shenvi Talak

A career-driven individual; targeting assignments in the field of Software Development with an organization of repute to exhibit knowledge & skills and accomplish mutual growth

## Profile Summary

- **7+ years of experience** in building scalable web applications and delivering robust software solutions
- Proficient in full software development life cycle with expertise in **.NET, Angular and SQL Server**
- Skilled in identifying and debugging complex issues to ensure smooth application performance
- A result-oriented individual with strong communication, analytical & interpersonal skills
- Strong focus on delivering value-driven results in fast-paced environments

## Work Experience

### July'22 – Present | Software Developer – III | UST Global| Bangalore

- Full-stack development for enterprise-grade web applications using Angular 14, ASP.NET Web API, and SQL Server
- Designed and developed modular, reusable UI components and scalable RESTful APIs.
- Optimized API performance, significantly reducing response times across critical endpoints.
- Collaborated closely with QA, DevOps, and product teams in an Agile environment to ensure timely and quality deliverables.

### Dec'17 - July'22 | Senior Software Engineer | Compdhenu Software Solutions | Goa

- Engineered Angular-based Single Page Applications (SPAs) with dynamic routing and reusable services for B2B platforms.
- Developed backend services and data access layers using ASP.NET Web API and Entity Framework.
- Migrated legacy AngularJs interfaces to Angular 8+, enhancing performance and client satisfaction.
- Designed optimized stored procedures and complex SQL queries, significantly reducing database load times.

## Previous Projects

PROJECT	DURATION	RESPONSIBILITIES
Enterprise PLM UI (Intel)	2 years	Built a responsive UI for Intel's internal PLM platform. Integrated complex workflows with validation and traceability tools.
Issue Lifecycle Management (Intel)	5 months	Developed and maintained an Angular 12 dashboard to track and resolve system issues
Music School ERP System	3 years	Delivered scheduling and enrollment platform. Enabled real-time updates and automated student progress tracking.
Auto-Spare Inventory	1 year	Created a real-time stock management system. Implemented user roles and stock reconciliation.
Construction Billing	6 months	Created a lightweight receipt generator with export-ready receipts.

## Contact

- vishakh\_talak@outlook.com
- +91-9673366165, +91-8668706191

## Core Competencies

- Full-Stack Application Development
- Debugging & Bug Fixing
- Design, Coding & Development
- Requirement Gathering
- API Design & Integration
- UI/UX Engineering
- Database Management
- Legacy Modernization

## Technical Skills

- C#
- JavaScript
- Typescript
- Angular
- .NET
- API
- SQL
- Entity Framework
- jQuery
- Bootstrap

## Education

- **MCA (Computers)** from Manipal Institute of Technology, Manipal in 2017
- **BCA** from Shree Damodar College, Goa in 2015

## Personal Details

- **Date of Birth:** 26<sup>th</sup> September'1994
- **Address:** Indradhanusha Apt Bunglow D2 Borda Margao 403602
- **Languages Known:** English, Hindi, Marathi & Konkani
